

my GovGuide™

Information, Simplified.

OUR PURPOSE OUR PURPOSE

- MyGovGuide is a business and data intelligence solution that accelerates public sector business development and sales process.
- We provide unprecedented visibility into agency budgets, contracts, leadership, and staffing to empower decision making.

is a dashboard that cohesively correlates budget data, deadlines, contracts and process owners.

challenges

solutions

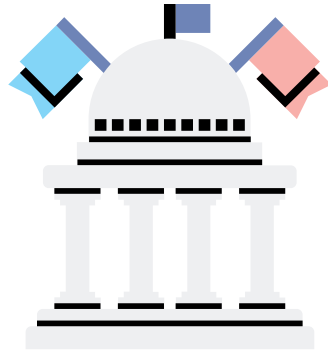

Challenge	Solution
Where to find and how to understand executive branch budget data across multiple websites and resources.	A data and BI platform clearly linking relevant budgetary information in one, visually engaging and easy to find place.
Where and how to locate executive state government contacts and the teams they lead.	Searchable profiles and content for the executive leaders and the programs they lead.
Where to find and how to understand government spending, competitors, and contract deadlines.	Timelines that show the key budget events, with searchable contracts and real-time budgetary details all in one, visual, and easy to find place.
